Good morning!

I just wanted to thank you all for such a substantial and meaningful orientation! It absolutely helped calm some of my "first time adjunct jitters":) There was so much helpful information I can apply to the course I'm teaching, some of which I can also use in my middle school classroom...especially the content on AI and Trauma-Informed Ped:

I truly look forward to remaining a part of the Caldwell family in this new capacity!!!

Sincerely,
Mike Raguseo
