If you are a current student at Caldwell, you can **schedule a meeting** with me at <https://bit.ly/meetWithDrV>.

Do good. Be good. Spread good. Always.

Ok I put it there, but I cannot transfer ownership to you because it's in a shared drive, not a shared folder on your drive.

I would recommend you go under the form Responses tab, click the 3 dots, and then select "Get email notifications for new responses"; However, since it considers you an Editor, not Owner, I'm not sure how that would work.
Maybe move this to your own Drive, and then as the owner you'd be able to select that option and be sure emails are coming to you. If you do move it to your own drive (or make a copy in your drive), make sure the responses sheet comes with it (or maybe you'll need to recreate the responses sheet when you move it 🙌).

Form link to share with student:

Great!
Here is the [link to shared folder](#)

Hi Cagla,
I use the following form to collect student work:
<https://forms.gle/vpVMKmu466NovnbG6>

Once the responses start coming in, the responses automatically populate a spreadsheet, and I add a column to this spreadsheet "APPROVED" with checkboxes, and then I just check whichever ones I approve, and share the sheet with Amy, that way she can track which claimed work hours were approved by me.

Want me to make you a copy of this form?
If you create a Google Drive folder and give me edit access to it, I can drop a copy of this form for you, and then you can share a link to it with your advisees.

Sushil, Sal, I can make copies of this form for your use, as well.

Hello,
Do you have a schedule/workfow that you share with the students? Any templates or suggestions?
I appreciate any assistance in advance!
Cheers,
Cagla

Subject: **IMPORTANT: Summer Researcher Position Payroll Info**

Hello all,

I have submitted salary authorizations to Human Resources for all of you. Please review these important guidelines:

- 1) I know that some of you still have to finish new hire paperwork. **You may not begin logging hours until you have been cleared by Human Resources.**
- 2) If you have received work authorization and have been approved to begin work by Human Resources, you may begin to log hours in ADP starting Monday May 18. Please use the code 02181P for these hours.
- 3) **This position is limited to 80 hours for the summer.** Keep track of your hours and know that I will not be able to approve beyond those hours.
- 4) You must upload your hours into ADP no later than Friday every other week starting on May 29. Please set a calendar reminder. You will be reminded by me before they are due, but if you do not log hours in ADP, that means you will not get paid. I have 60 students this summer and will not be able to follow up or approve hours past Friday afternoon.
- 5) Please always be in touch with your research faculty. Work with them to set your work hours.

Let me know if you have any questions or issues with ADP. My summer hours will be Tuesday, Wednesday and Thursday from 9-3pm. Note that I will be out of the country from June 12-24 and unable to answer emails so be sure that you are in communication with me before then if you have issues.

Thank you,
Amy
